Washington, DC 20204

Dear Sir/Madam:

This is a notification pursuant to 21 U.S.C. 343(r)(6) that Standard Process Inc., Palmyra, Wisconsin 53156-0904, is making the following statements:

- (1) Inositol works improve one's ability to maintain composure during those times when the nervous system is operating at peak load.
- (2) Standard Process St. John's Wort-IMT helps to ease irritability and maintain emotional balance.
- (3) It contains inositol plus ingredients from Min Tran® to boost its ability to enhance nervous system response to stimuli.

These statements are made for a dietary supplement containing a proprietary blend of calcium lactate, inositol, St. John's wort (leaves and flowers) powder, magnesium citrate, alfalfa meal, and carrot (root) powder. Other ingredients include kelp powder, calcium stearate, and carrot oil. The name of the product is St. John's Wort-IMT.

The information contained herein is accurate and Standard Process Inc. has substantiation that the statements are truthful and not misleading.

Sincerely yours,

Ann Holden
Standard Process Inc.
